

UAMS SUPPORTS NATIONAL CERTIFICATION

It is no surprise that as the only academic medical center in Arkansas, UAMS fully supports the educational and professional advancement of nurses.

We are proud to provide a robust incentive and recognition program for achievement and maintenance of national certification.

Nurses who are nationally certified in their specialty bring advanced knowledge, skills and experience to patient care. More than 300 UAMS nurses currently hold specialty credentials deeming them experts in their field, and those numbers are on the rise!

If you want a nursing career where certification is valued and supported, consider UAMS Nursing.
