

New Knowledge, Innovations & Improvements

MAGNET PRINCIPLES ARE WORKING AT UAMS.

Ebonye Green (left), MNSc, ACNPC-AG, CNRN - Department of Neurology/Neurosurgery, and Dana Lawrence, BSN, RN-BC, SCRNP - Advanced Practice Partner, H8 - Neurology/Neurosurgery are just two of our nurses who collaborated in putting together a research poster.

UAMS is proud that 31 of our nurses were selected to present their research, evidence-based practice projects and literature reviews during Research Day. These nurses represent our ICU, Med/Surg, Perinatal, and NICU units, as well as the Urology Clinic, Cancer Institute, Quality Management Department, and Infusion Centers.

The group ranges in experience from 18 months to more than 20 years in nursing. If you want a nursing career where nurses are valued and supported, consider UAMS.
